

**Macomb County  
Official Michigan Green Schools  
Program Guidelines 2017-18**

Established in 2006, the Michigan Green Schools program is open to any K-12 public or private school in Michigan. To receive a “Green School” designation, each school must apply by submitting an appropriate application to the county/intermediate school district in which the school is located **each year**. The intent of the Michigan Green Schools Program is to encourage students to participate in activities which help them learn about preserving natural resources, protect the environment, and promote energy efficiency and savings.

**Submit an application** with descriptions detailing how the school has performed a minimum of two activities from each of the categories as described below by **March 1, 2018** to receive a green, emerald or evergreen school environmental stewardship designation. Schools must adhere to the categories and activities and should submit a **Macomb County application form** to achieve or renew their Green Schools status each year. See [www.macombBOC.com](http://www.macombBOC.com) and go to Green Schools regularly for more information.

<u>Designation</u>	<u>Number of Points Earned</u>
Green	10 - 14 points
Emerald	15 - 19 points
Evergreen	20 or more points

- Points can be accumulated by participating in activities in any combination within categories, as long as there is a minimum of two different activities completed from each Category A, B, C and D.
- Up to two activities are allowable from Category E: "Propose Your Own."
- Once 10 points have been earned, additional, non-repeated activities may be completed from any category, including Category X: “Special Activity”, to earn higher designations as listed above.

**RE-APPLY EACH YEAR TO MAINTAIN YOUR GREEN SCHOOLS STATUS!**

**NOTE: A single activity cannot be repeated, or counted to earn more than one point; a second activity occurrence will not count in the final point total.**

**Category A – RECYCLING (Must have a min. of two activities from Cat. A – No duplicate activities!)**

Activity 1. Coordinate a program for recycling at least two items from the following list:

- Office paper
- Plastic
- Metal cans
- Printer cartridges
- Newspapers and magazines
- Cellular telephones
- Cardboard
- Fabric and clothing
- Compact discs and digital video discs
- Glass
- Other1 - item not covered in the above listing
- Other2 - item not covered in the above listing

Activity 2. Composting food and organic wastes (+)

Activity 3. Conducting a waste-free lunch program (+)

Activity 4. Implementing a policy to buy recycled, biodegradable, locally produced or less toxic food and school supplies. Participate in local farm programs/participate in purchasing locally grown produce.

**Category B – ENERGY** (Must have a min. of two activities from Cat. B – **No duplicate activities!**)

1. Offer at least one teaching unit on alternative energy
2. Using alternative energy, renewable fuels or specialized energy-efficient technology in school operations (district wide mandates)
3. Implement a school energy-saving program – specific actions taken at your school building
4. Perform energy audits at student homes and educating student families and the community
5. Taking part in a project or event to promote improved vehicle fuel efficiency (+)
6. Sponsoring an alternative energy presentation, project or event (+)

**Category C – ENVIRONMENTAL PROTECTION** (Must have a min. of two activities from Cat. C – **No duplicate activities!**)

1. Participate in activities promoting the health of any Michigan watershed
2. Offer a teaching unit on environmental issues facing this state
3. Establish or maintain a natural Michigan garden project with native plants or vegetables. Grown produce is used in teaching units or donated to a community organization (+)
4. Establish or maintain an outdoor animal habitat project
5. Participate in a local community environmental issue by activities such as letter-writing, attending public hearings, raising funds or community outreach (+)

**Category D – Miscellaneous** (Must have a min. of two activities from Cat. D – **No duplicate activities!**)

1. Sponsor an endangered or threatened species and publicize the activity
2. Host an environmental or energy speaker, event or field trip
3. Establish a student organization that participates in environmental activities
4. Observe Earth Day by participating in an Earth Day event in April and/or America Recycles Day in November
5. Maintain an updated bulletin board or kiosk with information on environmental concerns and the school's actions in addressing those concerns
6. Establish an eco-reading program (i.e. Reading partners, special guest readers, etc)
7. Update the school's media center environmental materials
8. Visit internet sites that educate about the environment and support endangered ecosystems
9. Create and active website, school wide broadcast, a Public Service Announcement, or documentary addressing environmental issues facing the state (+)
10. Coordinate an exchange or drive to collect used or unwanted items within the school or community for repurpose (+)

**Category E – Propose Your Own Activity** (Optional – Up to two activities may be proposed – **No duplicate activities!**)

A school may design and propose another activity, which would qualify as an environmental stewardship project. **Please contact a county coordinator for prior approval.** *These activities MUST be pre-approved to ensure that the activity, and work that goes with it, are in line with the Macomb County Green Schools initiative, and valid as a separate activity from the ones listed in Category A-D.*

**Category X – Special Activity** - (Optional – You may complete one or all if you wish)

**Activity 1. County-Specific Green Schools Logo Design.**

Submit a student-created logo design which represents your county’s Green Schools program. This logo may be used to promote the Green Schools program included on promotional items, website, etc. This is submitted as part of your application submission. **Logos should be in color and sent as an image file email attachment with the Application submission.**

**Activity 2. County-Specific Green Schools “Green Advocate” Nomination.**

Nominate an individual who has made exceptional contributions to preserving the environment. Acceptable nominees include students, teachers, staff, administrators, parents, and volunteers. Submit a brief description of your nominee and their efforts to preserve the environment and keep your school green!

**NEW!!! Anniversary Project: Activity 3. County-Specific Green Schools Participation Comparison Project.**

A comparison project analyzing the differences before your school became involved with Macomb County GS, and after participating in the program. Provide specific initiatives and how they have positively affected your school, students, school, and community. Include detailed stats and examples; visual aides are a plus!

**NEW!!! Anniversary Project: Activity 4. County-Specific Green Schools Prediction Project.**

A prediction project forecasting the next 10 years of Macomb County Green Schools: program changes and enhancements, guidelines changes, schools adaptations with future resources and technology, etc. Submit ideas to amend existing activities to make them “current” with the future times, and offer new ideas that could be a possibility with future resources and technology.

**Other Important Notes:**

- **Send Photos!** Photos enhance a school’s application and should be included within a Power Point slide presentation (or another presentation program). Label each slide submitted with the school’s name. **Lessons or lesson plans, receipts, examples or other materials** to support and provide evidence for a school’s application can also be submitted. Supplemental documents should be sent in a *single PDF file* via email to: [laura.murphy@macombgov.org](mailto:laura.murphy@macombgov.org).
- A **(+)** next to a listed activity indicates that additional credit (up to 1 additional point) **MAY** be awarded to schools which that have shown higher levels of complexity and effort in the planning and execution of the activity/project. Projects and activities cannot be repeated.
- Schools must submit their application on the county-specific application form found on each county’s website. **Please note that other application forms, including those found on the Michigan Green Schools Foundation website CANNOT be accepted.** If you experience any problems with the application, please contact Laura Murphy.
- The specific category and activity must be indicated on the application form. A brief, *but descriptive*, paragraph which details each activity must be included on the application form. Details that are appropriate to include are: dates, participants, program sponsors, company, brands, data collected, feedback, remarks, evidence of learning as well as updates to any activities from previous years are appropriate and very important.
- **Applications should be submitted via email and are due by March 1, 2018.**
