

Keep Michigan Beautiful Mini Grant

The Keep Michigan Beautiful organization is offering mini grants ranging from \$100 to \$500 dollars to be used to fund, or partially fund, a project which will earn the applicant points to be used towards their Green School status.

Applicants will need to provide a detailed description of the project they are seeking funding for, including time lines and budget information. Recipients will need to provide receipts for purchases made with mini grant funds. A representative(s) from Keep Michigan Beautiful’s Educational Committee will visit the school upon completion of the funded project to collect receipts, and take pictures which will be posted on Keep Michigan Beautiful’s website.

Keep Michigan Beautiful is pleased to be a part of projects which are increasing student’s knowledge and appreciation of the importance of “going green!”
